

COBALT BUSINESS ALLIANCE

The Cobalt Business Alliance is a group of Colorado businesses that prioritize reproductive rights and access. Reproductive health care matters to consumers, and employees want their companies to take a stand and show their support for reproductive rights.

In the wake of the Supreme Court overturning *Roe v. Wade*, whether or not a business is vocal in its support for reproductive rights is quickly becoming a key issue for consumers and potential employees. The majority of Americans agree that abortion should be legal and accessible, and two in three workers agree that companies should publicly support reproductive freedom.
